

Back after popular demand, we are pleased to offer the order form for the 2024 Conservation Seedling Tree & Shrub Program! We now have an online store through which you can purchase the seedlings and supplies (bvcd.square.site), or you can continue using this paper order form.

As always, please take time to thoroughly look through our options before you decide on what to purchase. The seedlings can be purchased either as bare roots or in large tubes. Large tubes are available in three sizes: D10 (10 cubic inch), D16 (16 cubic inch), and D40 (40 cubic inch). All seedlings are sold in bundles of 20, 25, or 30 plants.

There are many resources available that can help you with your decision, including a Container Size Reference Guide, a Planting Guide, a Buyer's Guide, and a Planning, Planting & Care Guide - these can be found online at <https://csfs.colostate.edu/seedling-tree-nursery/landowner-resources/>. If you need technical advice on what types of trees and shrubs are most suitable for your site conditions or if you need help with windbreak or wildfire planting design, please call our office at (720) 278-5521 and arrange an appointment with one of the Natural Resources Conservation staff.

Note that the deadline for placing your order is close of business on March 15, 2024. Even though this date seems far in the future, we encourage you to place your order early. Trees and shrubs are allocated on a first-come, first-serve basis and the most popular species always sell out quickly.

This year, tree and shrub orders will be available for pick up at **Red Wagon Farm (1640 West Baseline Road, Lafayette, CO 80026)** on Friday, April 12, 2024 from 8:00 AM to 5:00 PM, and Saturday, April 13, 2024 from 8:00 AM to 11:00 AM.

Thank you for participating in this great conservation program! If you do not plan to order trees this year, please pass the order form on to a friend or neighbor who might be interested in placing an order. We look forward to seeing you at seedling distribution in April 2024!

Sincerely,

John Sekich

Longmont Conservation District President
